pateldhiru805@gmail.com

Maharashtra, India

TOOLS

- VS Code
- Jupyter Notebook
- Google Colab
- MS Excel
- PowerPoint
- Git & GitHub
- MySQL

TECHNICAL SKILLS

- **Python:** Basic programming, functions, loops, and problem solving
- **SQL:** Basic database queries and data management
- **C Programming:** Fundamental programming concepts
- **Data Analysis:** Basic data cleaning and preprocessing
- **Tools:** Jupyter Notebook, VS Code, Google Colab, MS Excel, PowerPoint, Git & GitHub, MySQL

SOFT SKILLS

- Communication
- Teammork
- Problem Solving
- Adaptability
- Time Management
- Critical Thinking
- Leadership (Beginner)
- Positive Attitude

LANGUAGES

English | Hindi | Marathi

Dhiraj Sunil Mahajan

B.Tech in Artificial Intelligence & Data Science (Second Year)

PROFILE

Motivated second-year Artificial Intelligence & Data Science student with a strong interest in programming, data analytics, and AI-based applications. Currently building practical skills through academic projects and self-learning, and seeking opportunities to contribute to technical clubs, hackathons, and internships.

EDUCATION

B.Tech in Artificial Intelligence & Data Science

R. C. Patel College of Engineering, Shirpur

2025 – 2029

TECHNICAL SKILLS

Python (Basic)	SQL (Basic)	C Programming (Fundamental)	Data Analysis (Beginner)

- Data Analysis: Basic data cleaning and preprocessing
- Technical Documentation and Presentation

PROJECTS

1. **Customer Churn Prediction System**
   Worked on a beginner-level machine learning project involving data preprocessing, basic analysis, and project documentation.

2. **Expense Tracker and Finance Analytics System**
   Designed a basic expense tracking application to organize income and expenses, generate simple financial summaries, and improve data organization skills.

3. **AI Fertilization Recommendation System**
   Developed an AI-based project concept focused on recommending suitable fertilization options using data-driven analysis to support informed agricultural decisions.

RELEVANT ACTIVITIES

Participated in technical presentations, group discussions, and collaborative academic projects. Interested in AI, data science, technical club activities, and real-world problem-solving.

LEARNING

Python for data analysis • SQL • Machine learning fundamentals • Data structures and algorithms (beginner level) • Git and GitHub (currently learning)

STRENGTHS

Quick Learner	Analytical Thinking	Team Collaboration
Time Management	Responsible & Disciplined	Eager to Learn New Technologies
